

Love poem

Andreas Eriksson

1. While you are a - way for your pre - sence I yearn I'm coun - ting the
7 ho - urs un - til you re - turn A mi - nute like ho - urs and
13 ho - urs like days like the sun to the flow - ers and deep - er than space

2.

My love for you flows like a fiery stream
you're there when I'm sleeping, in every dream
I'm not very clever, but this I do swear:
to love you forever, I love you my fair

3.

I sing, I weep, I fight and I die
I'm yours like the sparrow belongs to the sky
With a touch from your fingers my knees turn to clay,
in your presence I linger, your voice I obey

4.

Come to me my sweetheart, come break my despair,
come fill me with joy by the smell of your hair
Your head on my shoulder, your hand on my knee
We will never grow older, our love sets us free
